

ADDITIONAL CENSUS-RELATED RESOURCES

Council on Foundations

With the 2020 Census nearing, organizations throughout the sector have been engaged in many ways, including educating policymakers, informing stakeholder communities and rallying the philanthropic sector around various issues related to the Census.

Ford Foundation

Civic Participation: Strengthen the census

There is progress toward a fairer, more accurate census—one that is adequately funded and guided by sound policies, especially as it moves online.

Kentucky State Data Center

The Kentucky State Data Center (KSDC) is the state's lead agency in the U.S. Census Bureau's State Data Center Program and Kentucky's official clearinghouse for Census data. The State Data Center program was initiated by the U.S. Census Bureau in 1978 in order to facilitate the dissemination of Census data to data users across the state and to provide a vehicle for user feedback to the Census Bureau. The Kentucky State Data Center is housed in the Department of Urban and Public Affairs in the College of Arts and Sciences at the University of Louisville.
