How Ohio Medicaid is Utilizing Data to Improve Health

Barbara Sears

Director, Ohio Department of Medicaid

October 23, 2017

Ohio Medicaid

- Medicaid is Ohio's largest health payer.
- Over 90,000 hospitals, nursing homes and other providers deliver services for over 3 million individuals insured by Medicaid.
- Over 2.4 million Medicaid enrollees are served by the five statewide managed care plans (MCPs)

Ohio Medicaid Group VIII Assessment

Group VIII Assessment Overview

ABOUT

The Ohio General Assembly required the Ohio Department of Medicaid to analyze potential benefits of the 2014 Medicaid expansion for new Group VIII enrollees.

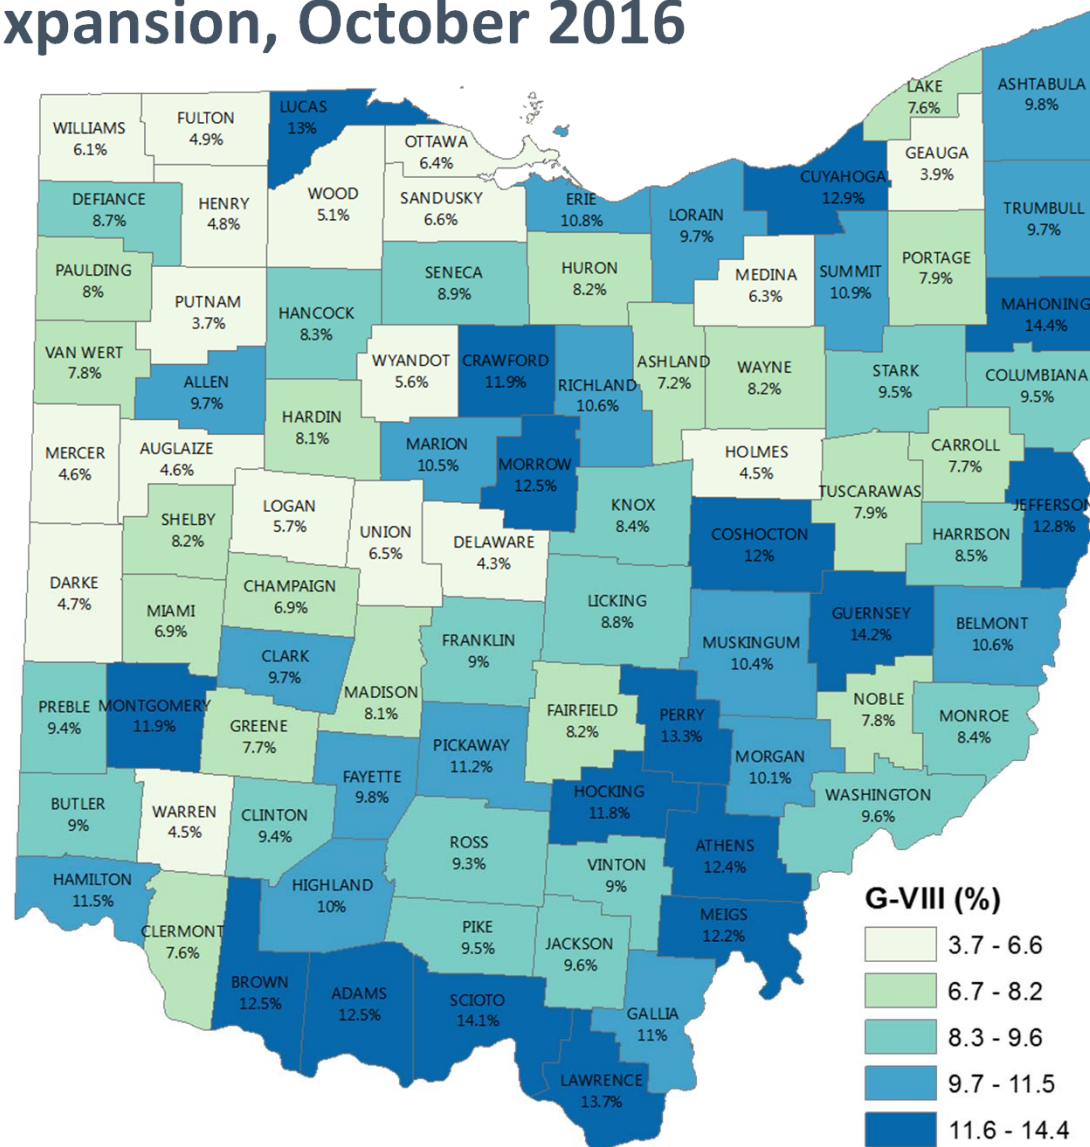

RESEARCH TEAM

FINAL PRODUCT

A statutory report on health care access and utilization, health status, employment and financial hardship for Ohio's newly eligible Group VIII Medicaid expansion population.

Percentage of All Adults 19-64 Years of Age Enrolled in the Group VIII Expansion, October 2016

Analytic Considerations

Group VIII Enrollees:
participants in the ACA
Group VIII Medicaid
expansion.

**Pre-Expansion
Medicaid Enrollees:**
participants in other Medicaid
programs who serve as a
comparison group in the
Group VIII assessment.

The eligibility cutoff for Group VIII, 138% of the Federal Poverty Level, was \$16,394 a single person in 2016.

Study Design

Pre-Medicaid
Enrollment
(pre-2014)

Post-Medicaid
Enrollment
(2014-2015)

Post-Medicaid
Enrollment
(2016-current)

Telephone Survey (includes
retrospective questions) N = 7,508

Medical Records Extraction
N = 430

Medicaid Claims
N = 696,860

Biometric Screening
N = 886

Participant Focus Groups
N = 27

Stakeholder Interviews
N = 10

Demographic Characteristics of Group VIII Telephone Survey Respondents

	Group VIII	Pre-Expansion
Male	55.8%	30.2%
Age		
19-44 years	49.6%	76.3%
45-64 years	50.4%	23.7%
Race		
White	71.5%	67.5%
Black	24.8%	28.0%
Other	3.7%	4.5%
Currently Employed	43.2%	41.5%

Percentage of adult Ohioans with family income at or below 138% of the federal poverty level without insurance from 1998-2015

Key Findings: Access and Utilization

56%

Reduction in
uninsured rate
among low-income
Ohio adults

94%

Report
improved or
the same
access to care

59%

Without a usual
source of care
obtained one
since
enrollment

34%

Report visiting
the emergency
department
less since
enrollment

89% had no health insurance
at the time of enrollment

Key Findings: Behavioral Health and Employment

62%

With depression diagnoses received antidepressants

48%

Report improvements in self-rated health

59%

Found it easier to afford food

48%

Found it easier to afford housing

52%

Found it easier to continue working

75%

Found it easier to look for a job

45%

Reductions of individuals with medical debt

44%

Found it easier to pay off debt

Group VIII Enrollees: What Does Medicaid Mean To You?

More freedom. Less worries. I was an addict for 3 years before getting Medicaid. Because of Medicaid I'm not an addict

MyCare Ohio Progress Report

MyCare Ohio Dual Demonstration

248,000 “dual eligibles” account for approximately 7 percent of Medicaid enrollment, but 30 percent of Medicaid costs.

106,000 dual eligibles (43 percent) are currently enrolled in *MyCare Ohio*.

Ohio's Program is Nationally Recognized for Strong Transitions of Care

- *MyCare* plans scored in the 90th percentile on nearly half of the nationally-reported quality measures (HEDIS 2016)
- *MyCare* plans outpace national averages on care plan completion (74% vs. 71%), documented care plan goals (91% vs. 88%), and follow-up care visits (75% vs. 71%)
- Ohio's Medicare "opt in" rate (70%) leads the nation
- ***MyCare* plans reduced nursing facility days by 4% from 2014-2015**

MyCare Ohio has Demonstrated Better Care and Cost Savings

- MyCare **capitation rates decreased 6.8%** from Jan. 2015 to Dec. 2016 while fee-for-service spending remained flat over the same period
- **MyCare plans are saving Ohio Medicaid \$2.4 million per month** by shifting utilization from nursing facilities to community based services
- MyCare plans approve more than 90% of prior authorization requests

MyCare Ohio Three Year Progress Report

Ohio Medicaid, in partnership with the Centers for Medicare and Medicaid Services (CMS), launched the MyCare Ohio demonstration to bring better health outcomes to dual-eligible individuals who have Medicare and Medicaid benefits. Ohio was the third state to earn federal approval for a dual demonstration program and has been a national leader in its efforts.

Member Satisfaction.

Ohio's Medicare "opt-in" rate leads the nation among duals programs.

Nearly 70%

of members have elected for their MyCare plan to coordinate **both their Medicare and Medicaid benefits.**

Quality of Care.

MyCare Ohio plans scored in the 90th percentile on nearly half of the nationally-reported quality measures (HEDIS 2016)

MyCare Ohio plans outpace national averages on

care plan completion	(74% vs. 71%)
documented care plan goals	(91% vs. 88%)
and follow-up care visits	(75% vs. 71%)

Member Independence and Choice

MyCare Ohio plans reduced the number of **nursing facility resident days** by 4% from 2014-2015

MyCare Ohio plans are saving Ohio Medicaid **\$2.4 million** per month by shifting utilization from nursing facilities to **home and community** based services

Member Safety.

Since 2015, MyCare Ohio plans have been involved in the closure of seven poor-performing nursing facilities, assisting to safely move

325
residents
